PLACE ON EARTH

**LIKE A BREATH OF FRESH AIR. A
REALLY, REALLY CREAMY ONE.**

We are proud of our ice cream here in New Zealand. Not surprising from a country famous for its incredible natural environment that produces the best cream and milk in the world.

Only fresh, quality ingredients make the grade – every ice cream starts with fresh cream, delivered from local farms to our factory every morning. Then we take the time to craft the perfect balance of taste, creaminess and flavours.

Because there's a time and a place for ice cream.
Anytime. Anywhere.
