Cheesy Jalapeño  Jalapeños & loads of our Cheddar cheese sauce	₹ 150

Our Story

Every day we come to work, hoping to do two things – make great food and to make the world a little happier. This was our intent when we opened our first store two years ago and it is just as true today.

Back then, our vision started to take shape from a single store – making the best ice-cream and delicious food served in the most innovative way.

We are inspired by our experiences around India and the world. And over the years we have worked to combine India's love for food with innovative culinary techniques to deliver authenticity of flavor in everything we create and serve.

From the very beginning – Huber & Holly has set out to be a different type of company, one that not only celebrates ice-cream and food but one that brings people together in everyday celebration.

Our mission is to make the world a happier place – one scoop at a time!

Huber & Holly is a 100% pure vegetarian brand
